**American Board of Veterinary Practitioners – Shelter Medicine Track  
2019 Clinical Research Abstract Submission Form**

**File Format**

Abstracts must be submitted in Microsoft Word.

**Layout**

The entire abstract (including title, authors, and affiliations) must fit within one 8 1/2" x 11" paper. Use 1.5-inch margins on all sides. Use Times New Roman 11 point black font. All lines must be single-spaced, do not insert extra lines between paragraphs except for after that author/affiliation section. Indent each paragraph 3 spaces. Do not use tabs to indent. Use full justification so that text is flush with both left and right margins.

**Title and Authors**

CAPITALIZE THE ENTIRE TITLE. Authors should be listed using initials followed by last names with each name separated by commas. Underline the name of the presenting author. Create a new line for author affiliations indicated by superscript numbers. Include institution name, city, state, and country. Omit degrees, titles, street address, and zip code.

**Content**

Organize the body of the abstract as follows: a statement of the purpose of the study, a statement of the methods used, a summary of the results presented in sufficient detail to support the conclusions, a statement of the conclusions reached. Do not use subheadings (e.g. Methods, Results).
